

Dear partners!

The topic of labeling is one of the most relevant this year, new introductions appear almost every month, and it can be difficult to track information on your own due to busyness. Understanding this, we have prepared for you a visual guide to the classification and identification of clothing items, fall under the mandatory labeling. We sincerely hope that it will make the work with labeling for you more transparent and faster.

**ATTENTION FOR SUPPLIERS!** For prompt processing of the assortment and ordering of labeling codes, in order to avoid delays in delivery dates in the new year, please send in advance a summary assortment table with all the necessary data for the Spring-Summer 2021 season. It will allow us to facilitate and speed up the work process at the height of the season!
